Excellence in Dental Care

AA Orthodontics

Recognized as one of America's Top Dentists by the Consumers' Research Council of America since 2002, and by USA Top Dentists in 2009 and 2010, Dr. Vinh P. Huynh is dedicated to excellence in dentistry and exceptional orthodontic care for his patients.

Dr. Vinh was born in Vietnam and raised in Atlanta. He is the first Asian American orthodontist in Georgia. Dr. Vinh completed his Bachelor of Science degree with honors at Emory University (4 years), and prepared for his career in dentistry at Medical College of Georgia (4 years) and was ranked top in his class. He also holds degrees from the University of Alabama (3 years), including his Master of Science and a Certificate of Specialty in Orthodontics. He greatly appreciates the privilege of his training as a dentist and an orthodontist and the ability it has given him to create great smiles for the children, teenagers, and adults in the community.

Dr. Vinh has been practicing orthodontics for over 10 years, firstly in Birmingham, Alabama, and then he established his orthodontic centers in Norcross and Lawrenceville, Georgia. He brings an exceptional education, extensive clinical experience, and a long standing personal dedication to improving dental health, allowing him to provide his patients with both outstanding functional health and beautiful smiles. Dr. Vinh is committed to treating each patient individually in a friendly, informative atmosphere utilizing the latest in orthodontics techniques to provide the highest quality care. He offers his patients more than just a smile; visit either one of his state of the art facilities and you will have a dental experience like no other.

What sets AA Orthodontics apart from other Orthodontic practices?

I promise my patients that I will treat them just like I would treat myself or my kids, and anytime they have question, I will make sure the question is answered. This way, I will always sleep well at night knowing my patients and their parents are happy with me. I always look to improve; not just the technology and the equipment, but also the treatment I provide for my patients. I enjoy spending time with my patients, talking to both parents and children, explaining to them about the treatments, answering their questions, and teaching them the right ways to manage their oral health. I want them to know that I'm here for them, and never too busy to see them. I stand by my guarantee – straight teeth or money back. All of the finances and fees are clear so that no surprise costs will be sent to your home.
